

SENSATION IS

EXPECTED IN CASE OF MRS. BOYLE UNDER

Arrest and in Prison For Alleged Part in Kidnaping Case.

HER ATTORNEYS ARE CONFIDENT

She Will Walk Out of Jail Without Any Effort at Prosecution

By Pennsylvania Laws But Will be Tried in Ohio for Blackmail.

Sharon, Pa., April 12.—Considerable activity is in evidence today in connection with the legal proceedings of the Whittaker kidnaping case. Attorneys are busily engaged in arranging the details for the case, and according to reports, a sensation is expected as far as Mrs. Boyle, one of the alleged kidnapers, is concerned. At the woman be given an opportunity to walk out of the Mercer county jail without having been held for trial on the charge of abduction. That is the question being asked today. Mrs. Boyle and her attorneys believe that is what will occur. It is said today that the charge against Mrs. Boyle in all probability will fall flat. It is asserted she is guilty of no crime under the Pennsylvania law. However, should the case take this turn, the Ohio authorities will prosecute her on a charge of blackmail.

During the latter part of last week was announced Mrs. Boyle would be taken to Sharon, Pa., and given a preliminary hearing on a charge of child-stealing either today or tomorrow. Unexpected developments have occurred and it is undecided today whether the arraignment for the Sharon hearing will now be carried out. It is the intention of ex-Judge Miller, counsel for the woman and her husband, to have Mrs. Boyle go into a preliminary hearing at Sharon. Members of the Whittaker family will be called upon to testify, and the prosecution forced to show the strength of their case against the woman. As it is persistently maintained that Mrs. Boyle was not in Pennsylvania when Willie Whittaker was abducted, her attorneys hope to have the case against her dropped at this hearing. Unless the prosecution is in possession of evidence to successfully rebut this move the woman will go free in Pennsylvania.

A strict watch is being kept over Mrs. Boyle by the Mercer jail officials. For the past couple of days the prisoner has been greatly disturbed. He is morose, his appearance is especially poor and for this reason extra precautions are being taken. The guard is also maintained for the purpose of preventing the escape of Boyle from the jail.

Mrs. Boyle's manner is just the reverse of that of her husband. She appears to be free but is apparently a caged bird.

Sharon, Pa., April 12.—Announcement is made by District Attorney Langer that Mrs. Boyle will not be arraigned here today for a preliminary hearing on a charge of kidnaping Willie Whittaker. He refused to say when the woman will be brought to trial.

HIRSH DENIES THE STATEMENT.

Chicago, April 12.—Dr. Emil G. Hirsh, whose statement that immigration of Russian Jews to this country should be prevented has stirred the federation of Jewish organizations to take issue with him, denies having made the remarks credited to him.

I did say that in view of the prevailing condition in this country, the movement to found a colony in Mesopotamia was a good thing for the Russian Jews," said Dr. Hirsh, when shown the statement telegraphed from New York. "I did not make the statement that the Russian Jews should not be permitted to emigrate to this country."

FIFTY DOLLARS FOR BEING BORN.

New York, April 12.—Fifty dollars just for being born is the reward for the Jewish maternity hospital in east Broadway. JOHNSON TAKES ON Ketchell for Bout at Colma, With Time Fixed for October.

JEFFRIES PASSED UP FOR PRESENT.

In Case He Returns to Ring Wants Eight Months for Training.

New York, April 12.—A match between Jack Johnson, the heavy-weight champion, and Stanley Ketchell, the middle-weight champion, for a bout some time next October, at Colma, has been practically arranged by James Coffroth, manager of the Colma club, and the final details of the fight will be determined at a meeting of the fighters and Coffroth here tonight. Coffroth made the announcement today that the match had been arranged, but said a few details such as the selection of a referee would have to be settled before the articles were signed. "I spent over three hours with Jack Johnson last night," said Coffroth, "and he is satisfied to fight Ketchell. The mill will take place during 'Portola' week in Colma." Coffroth talked with Jeffries, but he would not give me a definite answer whether he would fight Johnson or not, but did say that if he did meet the negro it would be at least eight months before he would be ready to enter the ring.

MURDOCK OF KANSAS

Whose Bill Demands Repayment of Millions to States.

SAYS CONTENTION OF BUCKEYE STATE

That She Did Not Receive Her Share is Not Based on Fact.

Washington April 12.—Congressman Murdock, of Kansas, who recently introduced a bill in the house demanding the payment of some \$28,000,000, said to have been loaned by the national government to twenty-six states of the union away back in 1916, has no sympathy with Ohio contention that her obligation in the matter is not clearly established. He has gone into the records and he says that Ohio received \$20,072,260.34 and that the records clearly establish it. "The formal pledge of repayment," he said, "was signed by State Treasurer Joseph Whitehall, who was authorized by the legislature to do so. E. A. Drake witnessed his signature. The payment was made through the Commercial Bank of Ohio, Cincinnati, Franklin Bank of Cincinnati, Franklin Bank of Columbus, Clinton Bank of Columbus, Commercial Bank of Lake Erie, of Cleveland, Bank of Cleveland and Bank of Wooster."

Mr. Murdock is convinced that the claim of the government is a just one and that failure to satisfy it means repudiation on the part of the state. He intends to continue the agitation.

IN OPPOSITION TO THE AMERICAN Federation of Music—New Body Has Membership of 20,000.

New York April 12.—The sweet bells of unionized music are jangled out of tune, it was stated here today in connection with the announcement of the impending formation of a new national organization of musicians in opposition to the American Federation of Music.

Harrison, will appear before the Allen county circuit court Tuesday and ask for a judgment in the cases brought by the department to stop the Standard Oil Company from voting the stock and controlling the Buckeye Pipe Line Company, the Ohio Oil Company and the Solar Refining Company. The state claims to have shown that the Standard people own a majority of the stock of these companies.

PACKY McFARLAND THINKS COFFROTH In Demanding Them All is Putting the Figure Too High.

Chicago, April 12.—The "Battling" Nelson-Packey McFarland fight negotiations are still on, the hitch being the moving picture receipts of the fight.

"We accepted the terms offered us by Promoter Coffroth," said Harry Gilmore, McFarland's manager, "not knowing what offer he made to Nelson, who as holder of the title is in a position to demand more than we did. It is safe to assert that he is getting a much larger sum than we are and in view of this his demand for the whole of the picture money is unreasonable. A division of 35 and 65 per cent or some such arrangements would be equitable. We will make any reasonable concession to get the match on, but do not propose to forfeit everything."

YOUNG GOULD IS BUILDING

An Aeroplane Which Will be Made to Start from Water.

New York, April 12.—Jay Gould and several other students of Columbia University are constructing an aeroplane which will be ready for a trial during the next two weeks. It is being built in the Gould boat house on the Hudson river and will be first tried out over the water. It is said the students have departed from the track method of launching adopted by the Wright brothers and others, and will start their craft from the surface of the Hudson. Two bow-like arrangements, pointed at both ends like a canoe and made air tight will be attached to the machine. It will be forty feet long and 26 feet wide.

Columbia university has an official club and it the Gould flyer proves a success, it is the intention to enter it in the contest which will be held during the Hudson-Fulton celebration next fall.

MRS. CHANCE

Says Future of Baseball Depends Upon Home-Steady Women.

Chicago, April 12.—At the opening of the baseball season, Mrs. Frank L. Chance, wife of the world's champion leader, is out in an interview declaring that it is upon women, not the slightly, volatile kind, but the steady, home variety, that the future of the game depends.

To prevent the game from becoming a rowdy pastime, one only for a breacher full of men to watch, she believes that more women should occupy seats in the grand stand.

"If more women would forsake bridge whist and pink teas, sofa cushions and kimonos and turn out to watch the clearest sport in the world, there would be more enthusiasm and fair-minded women in our city," Mrs. Chance said. "If women only would come out and expand their lungs to the fresh air by 'rooting for the home team' there would be less work for the doctors."

FOWLER TO GO

HE IS NOT PLEASING TO UNCLE JOE CANNON

And Committee on Banking and Currency is to be Changed

FROM ITS HEAD TO VERY BOTTOM.

Vreeland of New York, is Being Touted as the New Chairman.

Membership Will be Named on the Last Day of the Session.

Washington, April 12.—Much speculation is heard at the capitol concerning the new committee on banking and currency which will be appointed by Speaker Cannon, along with the other committees of the house probably on the last day of the special session. It is freely predicted that the speaker will reorganize the committee from head to foot. Inasmuch as the Aldrich commercial paper bill enacted into law by the sixtieth congress is regarded as a temporary measure it is expected that the new committee will be called upon to solve some very important financial questions and assignments to it are anxiously sought.

Representative Charles N. Fowler of New Jersey, has been chairman of the committee for several years. For some time, however, he has been in sharp conflict with Speaker Cannon. Mr. Fowler's re-appointment as chairman of the committee two years ago was the subject of much consideration.

If the speaker decides to reorganize the committee it is believed that he will select Representative Edward B. Reeland of New York to head it. Vacancies on the committee occur through the retirement from congress of former Representatives Weems and Burton, of Ohio; Waldo of New York; James of Kansas; Crawford of North Carolina, and the death of former Representative Powers of Maine.

BUTTE PREPARES FOR DRY FARMERS.

Butte, Mont., April 12.—Arrangements have been perfected in this city by a convention presided over by Governor L. Norris for the organization of a state board of control for the session of the National Dry Farming congress in Billings, November. The board will be made up of delegates from each of the counties of the state, one for each of the five railroads in Montana, and one each for the principal cities and towns of the state. Sixteen members of the board were selected by the convention.

It was decided to elect an executive board of twenty-five, of whom fifteen shall reside in Yellowstone county, and a committee of five members will name the executive committee.

Gov. Norris, addressing the convention declared that the future welfare of Montana must to a large extent depend upon the proper cultivation of its dry farming land and he predicted that the November convention of its dry farming congress would be the greatest in the history of that body.

DEATH HALTS HUNT FOR ESTATE.

Reading, Pa., April 12.—The quest for the millions of the late John George Spang, who was one of the wealthiest men, has been halted by the death here today of Joseph L. Kulbach, who was one of the oldest direct descendants of Spang. The latter, when he died, left a vast estate consisting of valuable lands and buildings. The famous Spang castle at Hainburg, Germany, now occupied by Baron Von Kuntzhausen, is claimed to belong to the estate, which is valued at \$120,000,000.

Mr. Kulbach, who was 74 years old, obtained possession of certain valuable papers which he always declared would some day bring back the property into the hands of those to whom it belonged.

NO DIFFERENCE TO LAKE CARRIERS.

Detroit, April 12.—"Whatever the four package freight lines at Buffalo may have done in the way of a settlement with their engineers will make absolutely no difference in the stand of the Lake Carriers association for the open shop," declared President William Livingston of the association today.

"I have not received any official report as yet from either the Anchor Line or the Western Transit company," Mr. Livingston continued, "and until I do I cannot discuss the situation. There is one error in the reported statement. Neither the Lehigh Valley Transportation nor the Rutland Transit company are members of the Lake Carriers association."

# Something's Going To Be Handed To You--

**S**OMETHING is going to be handed to you very shortly, and it is going to be free. It is going to be something new and different from anything else before produced. You are going to get it whether you like it or not. It is something that thousands of other people have all over the world.

It is one of the most delicious mouth watering foods you ever ate; and it is a real health food.

Let me tell you about it, in plain talk so you'll not forget it.

You, you and millions of people just as smart as you are, are waiting around every day so stopped up they can't think.

They have been constipated so long that it has almost become natural for them to think that, drag drearily, and work wearily.

They've become poisonous—brain, blood and body poisoned. Some know it and some don't. Those who don't know it would get "mad" if you'd tell them.

But what a man or woman isn't liable to get as a result of constipation! It's worth telling about.

You can shake your fist at almost any old disease if you have the bowels that "clock work" every twenty-four hours.

This is plain talk, but any doctor will tell you the same thing, only he may not be so straightforward, perhaps in his language and it won't make the impression on your mind.

The pill-eaters who try to keep their over-the bowels going every day are just as bad if not worse than the stopped-ups.

You and every other cathartic user have got to quit taking pills and "movers" if you want to get rid of your constipation for good.

Cathartics of course do clean out the bowels, but they also clean out the bowel moving juices, which are secreted by nature to make the bowels work easy and right.

But here is the rub. When these natural juices are cleaned out by cathartics, your bowels become mere dead-pipes. Then you get a bad case of constipation, and more pills are swallowed, and more, and more, and more.

Then you will do what you were going to do at first and snatch the cathartics and stomach medicines from your shelves.

It is a powerful builder of bone, flesh and muscle, and yet a remedy as well. It is always acceptable to the most delicate stomach.

It is the most effective stomach remedy and bowel invigorator and yet an intrinsic, delicious food as well.

So now Cerena has made its acquaintance.

For one cent a day it will keep your bowels on happy schedule time, and make you forget you ever had bowels to worry you. This means more than can ever be put in print. It will give you an appetite, a good vigorous one.

It will stop gas on your stomach, in digestion, fermentation, heartburn, irritation and the "hump of lead" will disappear.

All done by Cerena—medicineless, pure, never disappointing, delicious.

Cerena is coming to you very shortly,—it is going to be handed to you when you least expect it. It is going to cost you nothing. It will be a treat.

If you can't wait for the free package, and want immediate relief, you will get it by going to your grocer and buying a liberal sized package for 25 cents. You'll relish it and feel rosy.

Cerena will cost you one cent a day.

At your Grocer's 25 cents a package.

## DAYLIGHT BILL

**HAS AROUSED PEOPLE OF NEBRASKA GREATLY.**

**Was Fought to Last Ditch by the Liquor Interests of State.**

**ALL FACTIONS FEEL CERTAIN**

**It is Forerunner of Introduction of State Wide Prohibition.**

**Activity of Brewers in Politics Has Hastened the Question.**

Never before in the history of Nebraska has a measure been before the people that has created the interest that has the "daylight saloon" bill, passed by the recent legislature, and signed by Governor Shallenberger after the adjournment of that body. When the bill was before the legislature it was conceded by all factions and parties that it was the forerunner of a general prohibition measure and consequently it was fought to the last ditch, its advocates eventually winning the fight.

By approving the "daylight saloon" bill Governor Shallenberger has placed himself in the limelight, and by both friends and enemies he is looked upon and is referred to as a public official who has had the courage of his convictions, for no man will say that any undue influence was exerted over him to induce him to approve the measure.

The "daylight saloon" bill provides that any saloon at any point in the state at an hour earlier than 7 o'clock in the morning and 7 o'clock in the evening, shall remain open later than 8 o'clock in the evening. It also provides that all saloons shall remain closed on Sundays and on election and primary days from the opening of the polls in the morning until the close in the evening.

In Nebraska the bill was not inspired by the prohibitionists, but rather by leading men of all political parties, so that it cannot be classed as a prohibition, republican, or democratic measure. Following its course through the legislature, the vote in both branches will show that it had the support of members of all parties, and for this reason its passage cannot be charged to any one party. However, the fight over it was at-

tended with many dramatic incidents.

From Hospital to Cast Vote.

On the day when this bill was up for third reading and passage in the lower house of the legislature one of the members, C. E. Groves, of Lancaster county, was in the hospital in Lincoln, preparing to undergo an operation for appendicitis. He was ready to go upon the operating table when word was brought to him that without his vote there would be a tie and consequently the measure would fail. Instead of shirking a responsibility to his constituents, and as it were, taking his life in his hands, he expressed a determination to go to the representatives' hall, a mile away and cast his vote for the bill. Friends urged him to stay and, but he insisted. The attending physicians and surgeons expressed the opinion that the trip to the state house might result fatally, but still Mr. Groves declared that he would go if it was the last act he ever performed. He insisted that it was a duty and a duty that he would perform.

Nurses wrapped Mr. Groves in blankets and he was carried to an automobile that was in waiting and rapidly whirled away to the house of representatives. Reaching the building, he was carried into the waiting room where his colleagues were in waiting. Reclining on a couch, he answered to roll call when his name was reached, voting "aye," and then collapsed. Immediately he was taken back to the hospital, where the operation was performed, and where he is now rapidly recovering.

After the passage of the bill there was another dramatic incident, one which some of the opposition go so far as to say was a visitation of an act of Divine Providence.

While the bill was in the hands of Governor Shallenberger, an invitation had been extended to all parties interested to appear at the executive office for a hearing for and against the important measure. This invitation brought out thousands of people, who crowded the state house grounds, the corridors of the building and the apartments of the governor. In the party was William A. Poynter, former governor of the state, who held the office from 1898 to 1900, having been elected when populism swept over the west.

Mr. Poynter was allied with the forces that were in favor of the measure and had completed an able argument, pointing out reasons why Governor Shallenberger should sign the bill and let it become a law. He retreated a few steps upon a ground, raised his right hand and sank to the floor, dead, a victim of a sudden attack of apoplexy.

The room was at once cleared and Governor Shallenberger announced that no more arguments would be heard for or against the bill until Tuesday morning. Tuesday morning the leaders of the two factions again appeared at the executive office and consumed the morning hour. In the afternoon Governor Shallenberger attached his signature and, closing his office for the day, hurried away to attend the funeral of the former governor, simply remarking that he had done what appeared to be the best thing for the people of the state, his reputation.

Opinions differ as to what effect the new law will have upon the general business of the state, but as it

does not become operative until July 1, having passed without an emergency clause, no one can truthfully say.

**Effect in Large and Small Cities.**

It is conceded that in the smaller cities and towns the enforcement of the "daylight saloon" law will hardly be noticeable, for in them most saloons do not open until about 7 o'clock and in many of them ordinances are in force requiring them to close at 9 or 10 o'clock at night.

In Omaha, where there are 230 saloons, and in South Omaha, where there are 100, all of which have been running from 5 o'clock in the morning until midnight, friends of the reform declare that there will be a decided slump in business. They argue that the enforcement of the law will drive fully half of the saloons out of business and will result in a wholesale discharge of employees. Brewers express the opinion that the early closing will mean the drinking of less beer and liquor and that consequently there will be a reduction of forces.

On the other hand, friends of the measure do not hesitate to say that the passage of the bill and its enforcement as a law mean a season of great prosperity for Omaha, South Omaha, Lincoln and the other large cities of the state. They say that people will have more money to spend for bread, clothing, and the pleasures which make life worth living. They also point to the fact that the late opening and the early closing of the saloons in the evening will have a tendency to bring about sobriety and save hundreds of boys and young men who have been accustomed to spend their evenings in the saloons. They argue that in the past, in a great many instances after men have partaken of the evening meal, they would visit the saloons and remain until the lights went out. Under the new order of things, they argue that these men will now remain at home with their families, saving the money that heretofore went for liquor.

**Election of Liquor Men.**

Following the passage of the daylight law the liquor interests were made more unhappy by the result of the elections. Tuesday, which were held all over the state with the exception of Omaha. The main issue everywhere was "saloon" or "no saloon."

So well had the "dry" campaign been waged that heavy inroads were made on the "wet" towns by the prohibition forces. Dozens of Nebraska towns which had never before known local option voted "no saloons" and the Anti-Saloon leagues are jubilant over the success of their cause, while the "personal liberty" forces are downcast in like degree.

The strongest single cause for the revolt against the saloons in Nebraska was undoubtedly the position taken by Nebraska railroads in demanding non-drinking employees, and the second cause is the demand of the business men that their employees be sober whether on duty or off duty.

Nearly a year ago the Union Pacific, Burlington, and other great railroad systems of this state notified their employees that in future when it became necessary to discontinue the drinking men would be the first to go. And the drinking men would never be taken back either.

This order caused thousands of railroads to "sweat off" and when the time came to vote this week these men voted in the way they are now walking.

Another cause for the revolt is

found in the actions of the brewers and saloonkeepers themselves. These men entered politics and became so domineering and obnoxious that a general rebellion against them and their methods followed.

One of the surprises of the campaign which ended in the rout of the saloon forces was the position taken by the laboring men. Instead of standing with the saloons and personal liberty crowd a large majority of the working men—not the professional men, clerks, and business men, but plain working men, day laborers—announced themselves as being in favor of the early closing laws.

Having won early closing and local option in so many counties, the Anti-Saloon league has announced that it will now take up the fight for state-wide prohibition in Nebraska, and with public sentiment in its present condition the league claims it to be only a matter of a short time until this fight is won and saloons altogether banished from the state.

**HEAD OF FAMILY**

**Died Yesterday from Tuberculosis.**

Tuberculosis has claimed yet another Lima resident, and yesterday morning at ten o'clock William Mays, a man of 55 years, passed away from the ravages of this trouble.

Two years ago the illness began, and one month ago he grew seriously ill and unable to leave the house. He was employed as a laborer, and leaves a wife and four children without anyone to provide for them.

The deceased was born in North Carolina, but has lived in Lima for a number of years. The family reside at 118 east Spring street, and the funeral service will take place there Tuesday morning at ten o'clock. Rev. Grant will preach the funeral sermon and interment will be made at Woodlawn at the close of the service.

**PARTITION SUITS**

**Filed by Heirs of Late Allen County Residents.**

Clarence J. Battlem has filed suit in partition against Achme Lambert, et al., heirs of the late Eli Battlem, whose body was found floating in the river about one half mile from Illinois in Jackson township, eleven days after he had disappeared from home. The petitioner states that the deceased left no will and that he and eight others are entitled to an equal interest in 40 acres of land in Jackson township, and asks that the same may be sold and the respective heirs awarded their share.

James I. McDonnell, guardian of Eleanor Ridenour, has filed suit in partition against Hattie M. Harbord, et al., heirs of Grover C. Ridenour, asking that the interests in 27 acres of land in Perry township may be set aside, or the property sold and the respective parties awarded their share of the proceeds.

James B. Peters has been appointed guardian of Beatrice A. Peters, a minor.

## OLD TIME RESIDENT

**And Loved by All Who Knew Her Was Mrs. Rosanna Shafer.**

## DEATH QUIETLY CLAIMED HER

**On Easter Day and a Happy Influential Life Was Closed.**

Mrs. Rosanna Shafer, a member of one of the best known families in the city, and a woman of worth and fine character, passed away on Easter day, at eight twenty.

Mrs. Shafer has been in failing health for several months, and for the past three or four weeks has been declining rapidly. General debility and a complete exhaustion of the vital organs caused her death.

One of the older residents, and coming from sturdy Pennsylvania stock, she has lived here for many years and watched the growth and improvement of her adopted home. She has been a widow for the past eight years, and has been cared for during the last months by her daughter, Mrs. M. C. King, who has staid with her constantly.

Mrs. Shafer has brought up not only her own family but several grand children as well, and Mrs. R. J. Plate, of west Wayne street, who is a great daughter of the deceased, received all the care and attention of a grand mother combined with her until her marriage. Pierre and Carl Williamson, also grand children, were guided and directed by their grand mother during childhood, and she has been ever ready to help and care for all her relatives and friends who needed her. Mrs. King and Mrs. F. A. Holland, of west Spring street, are the only children living, while Mrs. Cass Jolley, of this city, is a sister of the deceased. Three brothers are living, but are located in the west.

The funeral services are arranged for two o'clock Tuesday afternoon, and will be held at the residence, with Dr. T. H. Campbell in charge. The remains will be laid to rest beside the husband in beautiful Woodlawn at the close of the service, and will be followed to the grave by those who knew and loved greatly the woman who quietly and unobtrusively tried to follow the teachings of her Master.

**FUNERAL SERVICES**

The funeral services over the remains of Mrs. T. J. Patterson, of 670 south Pine street, will be held Wednesday morning at ten o'clock, at the United Brethren church, conducted by Rev. A. W. Ballinger. Interment will be made at the Balem cemetery.

## BOARD TO ARRANGE

**To Advertise for Paving Bids Before Limit of Publication.**

## MOVE TO BE MADE TO RUSH THE WORK

**That the Many Contracts May be Completed Before Winter.**

The Board of Public Service is endeavoring to arrange to advertise for bids for the numerous paving contracts to be awarded this spring, before the time of the publication of the legislation authorizing the work, has expired. In this manner the bids may be received and the contract awarded at the expiration of the publication period, whereby about three or four weeks time may be saved. This action upon the part of the board is for the purpose of rushing the work, and to guard against the same being carried on until cold weather begins in the fall.

There is a vast amount of paving to be awarded, and it is anticipated that lower bids will be received by awarding the contracts at the same time. In case one firm secured a majority of the work, it is probable that it would take them the better part of the warm months to complete the same. If bids may be advertised before the expiration of the publication, the board will proceed in that manner.

**FOUR CHILDREN**

**Left Orphans by Death of Sproat Wagner.**

The funeral services over the remains of Mr. Sproat Wagner were held Monday afternoon at two o'clock at the United Brethren church, Rev. Ballinger conducting the service, assisted by Rev. R. W. Wilgus.

Mr. Wagner died Saturday afternoon at four o'clock, after a ten days illness with pneumonia. The attack was a very severe one from the beginning and there seemed little chance for recovery. Four children are left orphans as the wife and mother died several years ago. The oldest, Hazel, is just growing into womanhood and the others are younger.

The deceased died at his home, at 342 south Jackson, and after death order of President.

## SATURDAY MARKED THE REAL BEGINNING EASTER CELEBRATED

Of Big Contest and Nearly 4500 Votes Were Cast.— Many Names Added

TOO ALREADY LARGE LISTS.

Coupon Clipping Now the Order of the Day.—Candidates and Their Friends Realize that Energetic Efforts Alone Will Determine the Winners—All Have Equal Chance.

In proof of our statement that hundreds of people are clipping out the ballots daily and are waiting for the first publication of the names of those who are to be candidates to vote for them, we offer the tremendously heavy vote of 4,430 votes cast, Saturday. Every candidate in the list was well remembered by administering supporters and the list printed today, shows some marked changes over the former one published.

To our knowledge only four of the candidates entered in the lists knew that their names had been entered and as a result none of them had been securing the ten ballot votes until Saturday and today.

Saturday was really the beginning of the contest and as it has with this week five full weeks yet to run every candidate in the list has the same opportunity to be a winner in her district, if she will but make an effort on her own part and thereby let her friends know that she desires their support.

Those who have been watching the Times-Democrat Tour-of-Europe contest and seeing how it is progressing can not help seeing the keen interest which is being taken in it everywhere and while the interest is more manifest here in Lima, at the present time a few days more and the people of the county will become more thoroughly acquainted with the plans and the interest will become stronger. Reports are coming from all of the four districts that the candidates are doing all in their power to elicit the aid of their friends and it may be said in passing that those who do this and go about it systematically are the ones who will be successful.

Successful in winning membership in the tour of Europe. The names of the candidates and number of votes accorded each as published Saturday, showed the votes received by the candidates up to Friday noon, and the standing of the candidates, as published today, shows many changes. Ballots came in stronger Saturday than any single day during the contest. Nearly every candidate in the list received some remembrance in the way of votes and many changes were effected in the standing. Nearly 4430 votes were cast during the day.

New names are coming in daily and will come in for some time yet. It is never too late to enter the competition, but those who enter earliest will have the greatest advantage. Voting is not restricted in any sense whatsoever. Anyone may vote as often as they please and for whomsoever they please no matter in what district the candidate may be entered from. This is a voting contest and the young lady receiving the largest number of votes in each district will win one of the tours.

There are a great number of bright young women in the race and it is no more than right that the Times-Democrat readers and their friends help them along as much as possible. If you do not want more than one Times-Democrat yourself, send it to a friend or a relative. It will be appreciated and by so doing it will establish a communication which will come into the home daily.

Unlike other contests, this enterprise pays for every cent invested. Votes are not purchased for so much each, but for every cent received by the paper a cent's worth of news of the world is dealt out. It is an investment rather than an expenditure, and no one should consider it in the light that money paid out in the contest is wasted, as there is greater value given for the money than any other investment which it would be possible to make.

Candidates who desire success in the contest should get an early start and secure subscription payment in order to get the special ballot. The contest is divided into four periods and the first period will end April 17. There are more votes allowed during the first period on subscription payments than during the second period, and each candidate should get her friends to subscribe while the subscription counts for the greatest number of votes.

Subscriptions should be reported to the Times-Democrat office as often as possible in order that the new subscriber may get the paper and save the coupons for the candidates. Candidates living in the county which is district 3 and 4, may mail their ballots so that they show postmark of first mail after April 17th and their ballots will be counted the same as if they were voted on April 17th.

By Beautiful Services of Song and Story in Churches Sunday.

BEAUTY OF DAY BROUGHT FORTH.

Hundreds of People to Listen and to Offer Sincere Worship.

Yesterday was an ideal Easter day. Despite the cool wind the sun was warm, and for the greater part of the day shone brightly. From early morning until late at night the streets were filled with people, the greater part going or coming from some religious service, of which there was an infinite variety offered, and at almost any hour of the day. Altars were banked with great wicker lilacs, hyacinths and nodding yellow daffodils, and every one seemed to be in an attitude of worship and praise in strange words of praise and in strains of music.

In almost every church in the city special programs of music had been arranged, and in several cantatas and parts of some of the oratorios were given, large crowds of people attending these services. Solos, duets, quartet numbers, by the best singers of the city were rendered and magnificent organ numbers were also a part of the varying programs.

The ministers of the city, while in greater part giving short talks rather than extended sermons, all took the wonderful topic of the Resurrection and its effect on the human race as the basis of their remarks. The fact that the Lenten season is just the preparatory season for the greater life which is ushered in by Easter morning was emphasized by many of the pastors, and they urged their hearers not to think that by self-denial during forty days they were absolved from all further religious observance during the remainder of the year. Instead they were asked to take the joy and the glory of Easter into the daily round of duties wherever they might be and to carry these same blessings in their own hearts.

Catholics, protestants, every denomination, each year makes more prominent the observance of Easter, and the music offered yesterday surpassed any previous efforts for the celebration of the day.

The two cantatas, given at the Market Street Presbyterian church and the First Baptist church were deserving of special mention. The former was preceded by a beautiful series of Easter numbers on the organ, played by Mrs. C. A. Moore, and the recital opened at four o'clock.

The cantata was by Wilson, and contained several beautiful and striking passages.

"The Daughter of Jarina" by Stainer, was rendered in the evening by the Mendelssohn choir of the Baptist church to a large audience and the chorus "Awake Thou That Sleepest" was one of the especially beautiful parts of the well known and exquisite creation.

At the other churches recitations were interspersed with the musical numbers, and at the Children's Home in the afternoon a very excellent program of recitations, songs and choruses was given by the children. Rev. A. H. Weaver presiding at the meeting.

St. Johns and St. Rose offered to their congregations the finest of the Easter gems which have come down from the old musical masters, and both churches were lavishly decorated in honor of the day.

**CARE OF SWEETHEART**  
Will Hasten Recovery of Young Cloyd Herkimer  
A young man from Fort Wayne, employed as brakeman on a freight car on the P. & W. Wayne road, had a very narrow escape from death on Sunday evening at the little town of Elida.  
The young man, Cloyd Herkimer, is named, was on a car which had been cut from the main train and

Fort Wayne. About this time he informed someone he knew that his sweetheart was coming from Fort Wayne on the 10:30 train which was just about due. As soon as it arrived she was told of the accident, and he was at once taken to the home of her aunt, Mrs. Fred Hoegner, 225 West Grand avenue.

Inquiry at the Hoegner home this afternoon found that the patient is getting along as well as he possibly could, and the young lady, Miss Clara Gilbert, is taking the best of care of him. The injuries are very painful, but no complications of any kind have appeared, and it is hoped that recovery will be speedy.

**FOX HOME**  
Scene of Pretty Sunday Wedding.

Easter Sunday was marked by a very pretty wedding at the home of Mr. and Mrs. A. B. Fox, of 665 south West street. The bride was Miss Sadie Phillips, the attractive sister of Mrs. Fox, and the groom was Mr. C. W. Meyers, while Rev. C. C. Kennedy, pastor of Grace church acted as the officiating minister. The ceremony took place promptly at twelve o'clock, and the young people were attended by Miss Vaud Dotson and Mr. Roy Gottfried, and Mr. and Mrs. Ed Butas.

The ring service was used and the ceremony was a very beautiful one. The bride was gowned in a handsome suit of gray and carried a great cluster of bride's roses and carnations. The house was artistically decorated with cut flowers, and palms with aspirants for use with the flowers. At the close of the ceremony a delicious five course dinner was served, and the bride's table was attractive with candles and cut flowers of various kinds. Master Elmer and hearts were used in the design on the dainty place cards and everything was carried out in the most complete manner.

Mr. Meyers is one of Lima's young business men, and is now manager of the Peerless Candy Co. His bride is the pretty and talented daughter of Mr. and Mrs. John Phillips, of 508 south West street and both have many friends here. They will reside at 415 east Main street.

### FORMER PRESIDENT And Church Worker Dead at Oberlin.

Mrs. Elizabeth Hughes, wife of Rev. Isaac Hughes, a prominent minister of the Congregational denomination, died on Saturday at Oberlin, where she has been living since last October.

Mrs. Hughes was known throughout the county as her husband was a prominent divine, and both the Hughes family and the Evans family of which she was a member are connected with the many branches of those familiar Welsh names, reside in Allen county and in Lima.

Mrs. Hughes was the daughter of Roger Evans, and was born at the village of Vaughnsville, sixty-two years ago. She was very earnest in her church work, and was an able helper and co-laborer with her husband, whose demise occurred almost twenty years ago.

For several years the deceased resided in this city, but the change was made to Oberlin last autumn, her daughter Bessie, residing with her.

An operation for cancer afforded some temporary relief, but it was short lived, and nothing further could be done by the medical science to afford her relief.

Two sisters, Mrs. B. F. Thomas, of this city, and Mrs. Huffman, of Oberlin, were with her when death came, as the end was not unexpected. Arrangements were made for the funeral services to take place Tuesday morning and interment will be made at Columbus, where the husband lies in the beautiful Greenlawn cemetery.

### BAKED BEAN FEAST

Awaits Department Commander Hall on Arrival in Cincinnati.

### BIG CAMP FIRE AT THOMAS POST

During Which Arrangement for Salt Lake Trip Will Come Up.

Ohio Department Commander Geo. Hall, of the Grand Army of the Republic, left for Cincinnati at noon today, and tonight will be the guest of honor at a big cauldron and bean bake to be given by the George H. Thomas Post, at the Post hall on Sixth street. Other department officials of other posts will be present.

"Ho, for Salt Lake!" is not down officially on the program, but will probably come in for some attention, as all of the comrades are beginning to take an interest in the coming national encampment, which will be unique in several particulars.

Railroad rates have not been definitely fixed, but the round trip from Cincinnati will probably be a little less than \$45, with sleeper rates of \$11 for standard Pullmans per berth, and \$5.50 per berth for tourist sleepers.

Three candidates for commander-in-chief have already been announced—Ex-Governor Samuel R. Vansant, of Minnesota, of the department of Minnesota; William A. Ketcham, of the department of Indiana, and C. E. Adams, of the department of Nebraska. Though the department of Utah, in which the encampment will be held, is one of the smallest in the Grand Army, the preparations to entertain comrades are on a particularly lavish scale of Western hospitality.

### BARTHOLOMEW

On Trial in Federal Court at Cleveland.

The trial of Ellis Bartholomew, a former Lima resident, accused of using the mails to defraud, began today in the United States circuit court in Cleveland. The case is being heard by Judge Taylor.

Bartholomew is known in Northwestern Ohio as a promoter. He organized the company to build the Toledo, Columbus & Springfield electric road and started a string of small banks throughout the state to finance the proposition. He was not successful in his promotion schemes and the banks failed.

Two years ago he was arrested by the United States marshal at Fort Wayne and brought back to Ohio. The case against him has been pending ever since, having been postponed a number of times.

### CHURCH AND LODGE

Have Lost Faithful and Long Member in Death of W. H. Kemper.

### SEVERAL WEEKS SEVERE ILLNESS

With La Grippe Was Cause of Death on Sunday Afternoon.

Sunday afternoon W. H. Kemper, a contractor and carpenter, of this city, died at his home, 521 south West street, after a six weeks illness with la grippe. Mr. Kemper had fought the disease bravely but the skill of physicians could not do much on account of a weakened constitution.

Mr. and Mrs. Kemper had lived here seventeen years, coming to Lima from the neighboring village of Cridersville. The deceased was well and favorably known among the business men of the city, and he held the esteem and respect of them all. Mr. Kemper was born in Perry county but had lived in this section of the state since his early youth. In May 1864, he was initiated into Allen Lodge, No. 223, I. O. O. F., and by initiation he was up until the time of his death the oldest living initiated member of the lodge. Had he lived until May 28th, he would have been a member of the order 45 years.

The funeral services will take place Tuesday evening at seven thirty, at the residence, 521 south West street. Dr. T. H. Campbell will have charge of the service, and will deliver the funeral sermon of one who was

## ASSAULT COIN MAN

Three Men Refused to Pay  
Fare on South Main

## CROWLEY HELD FOR BURGLARY.

Alfred Almon Held on the  
Charge of Receiving  
Stolen Goods.

About 7:50 o'clock Saturday night, three men committed an assault upon R. C. Jacobs, conductor on car No. 618, of the city lines, and as a result three men are held in police court on the charge. As the car was going north near Circular street, the conductor asked the men for their fare. They replied that they had paid once. He ordered them off the car at the Market house, whereupon one of them pushed him back into the street, where a general fight ensued. Mr. Jacobs sustained a cut on his lower lip from the fracas, and Mr. S. A. School, of 666 1/2 south Main street, who assisted the conductor in his difficulty, sustained severe bruises about the head. The men made a getaway, but the police were immediately notified and given a description of the assailants. At 8 o'clock Sunday evening, Detectives Kelly and Pridstein, arrested Carl Tabler, Rolfe Fehworth and C. E. Baird on suspicion. Conductor Jacobs was able to identify Tabler Monday morning and filed an affidavit against him. When arraigned, Tabler entered a plea of not guilty to the charge of assault and the case was set for hearing Tuesday morning. Jacobs stated to the authorities that the other two men gave their attention to Mr. School during the affair and that he could probably identify them. Unless they are identified by Mr. School the authorities will be compelled to release them.

**Held for Burglary.**  
John Crowley was arrested Saturday evening on suspicion of burglarizing the home of William Weaver on east Wayne street, in which six dress skirts were stolen. Some one entered the Weaver home Friday afternoon and after frightening Mrs. Weaver out of the house, stole six dress skirts. Mrs. Weaver was unable to come to the police station Monday morning to identify the prisoner and file an affidavit, but will do so Tuesday.

**Stolen Goods.**  
Alfred Almon was arrested Sunday on the charge of receiving stolen goods. It is claimed that the defendant purchased a copper wash boiler from a young lad, who had stolen the article from the home of M. Lockhead, of west Vine street. The de-

fendant entered a plea of not guilty and the case was set for hearing Wednesday morning.

**Five Drunks.**  
Ed Lebel, Gus Friedrichs, Banta Cook, George and Daniel Cox were each assessed \$1 and costs for drunkenness. Louis Morris, an old offender, is in the city bastille on the same charge. The court has not determined what sentence will be imposed in his case.

## COUPLE SEPARATED

Sixteen Years Ago Were Re-  
married at Westminster  
Sunday.

## SPIRIT OF LORD CALLED THE GROOM

And Told Him to Seek His  
Former Wife in Marriage  
Immediately.

Daniel Davis secured a license Saturday afternoon to marry his divorced wife, Maggie Davis. He stated to the marriage license clerk that just sixteen years ago Sunday, his mother-in-law and other members of his wife's family called at their home and removed the household furniture as well as taking his wife away with them. Later the wife secured a decree in divorce on the grounds of gross neglect of duty and extreme cruelty. He said that they were married about 20 years ago and lived together happily for four years, when the above estrangement occurred.

The groom is 51 and the bride 43 years of age, and they were re-married at Westminster Sunday morning by Rev. Hudson.

Mr. Davis stated that the spirit of the Lord visited him Friday and told him to seek his former wife and marry her. He immediately sought her and found that the past had been forgotten and that she was willing.

## OLD FIRM TO RETIRE

Ill Health of Mr. Albion  
Felts Causes Business  
Change.

## GREAT STOCK OF FELTZ BROS. COMPANY

After Twenty Years in Ac-  
tive Business to be  
Closed Out.

The many friends of Mr. Albion Felts, for twenty years manager of the Feltz Bros. Dry Goods Company store, will regret to learn of his forced retirement from active business life. Mr. Felts has been in poor health for the past several months, but in the hope that spring would bring him a renewal of strength, he had not anticipated any change. Even the season of sunshine has not brought the change expected, and at a meeting of the stockholders it was decided to accept the resignation of Mr. Felts, because of his insistent demand for action.

After much discussion as to the future, the stockholders decided to offer the entire stock to the buying public. Mr. Walter M. Cooney, former head of the Carroll & Cooney dry goods store, was induced to take charge of the stock, and Mr. Cooney is now engaged in marking everything in the store down to cost and below. He will have full control and when seen today said:

"I have been entrusted with this dispersal sale. It is a bonafide going out of business sacrifice. We shall sell everything from basement to upper balconies, shall sell the fixtures and the lease is also offered for disposition."

Much regret will be felt in the business world over the retirement of Mr. Felts, who has been so long identified with the retail trade of Lima. He expects to take a long needed rest first, and will then enter business which will permit him to live more in the open air.
